ABOUT ME

After graduating in Medicine and Surgery (University of Rome La Sapienza, July 1980) and obtaining my professional license (September 1980), I fulfilled my military service obligation in the Italian Army with the rank of AUC Medical Second Lieutenant as Health Service Executive at the Guardia di Finanza Cadet Legion in Rome (until January 1983). In November 1984, I obtained a diploma of Specialization in Sports Medicine at the University of Rome La Sapienza.

From June 1982 I undertook the activity of General Practitioner in the territory of ASL RMD (now RM3) and remained in this working position until June 30, 2023 (date of my retirement).

In 1984 I was appointed by the Italian Cycling Federation as Medical Officer for the National Cycling Teams and held this position for 25 years, until the end of 2008. I was also appointed Federal Physician of the FCI for the four-year period 2000-2004. During this very long period of time I have gradually assisted the Junior, Amateur, Under 23 and Professional teams in road, track and cyclocross and participated, as Doctor of the official CONI delegation, in two Olympics (Seoul 1988 and Sydney 2000) and about 40 editions of the World Championships for the various specialties.

Since 1984 I have also started working with high-level international professional cycling teams and have, over the years, had the privilege of assisting many of the sport's most important and well-known athletes. Since 2017, I am the medical director (Head Doctor) of a major U.S. team, World Tour Team Trek-Segafredo now Team Lidl-Trek.
